## RACE FORMAT

### RACE FORMAT

OTHG races on Sundays, twice a month. The club has five classifications of riders: Beginner, Novice, Intermediate, Expert and Master, and features classes for: 28+, 38+, 45+ and 52+ age groups. Additionally a support and kids class is run, so the whole family can come out and race.

The goal for each rider is to have fun and be competitive in his or her class. To accomplish this, a new member's first two events are for evaluation only. The OTHG race committee evaluates riders, reviews transponder lap-time information and places and/or promotes riders to the appropriate class. Through out the year the race committee continues to monitor racing, evaluate transponder data and promote riders when deemed appropriate. Points are awarded for race results and totals are maintained for year-end standings and awards at the Annual OTHG Banquet.

Race day sign-ups begin at 7:00am, practice starts at 8:00am and then racing gets underway at 9:00am. Practice and race start times can be delayed slightly at certain tracks (such as Starwest) due to city ordinances.
