## Introducing rider of the month of August, 2014 Mike Maciel.

Mike started off by the interview by saying "I'm having the time of my life with you guys in the over the Hill gang" He went on to say "When I was 12 years old , my dad bought me and XR 75. We ran it for two years and the motor blew up because we never changed the oil. Three years ago I rode a pit bike and two years ago I rode my first big bike it was a 08 KX F250. Riding it, I broke my bones at Gorman. After I healed up , I bought 09 450 Honda. I rode the Honda until I got a 09 450 Suzuki four stroke. I bought the Suzuki because they handle and turn better than a Honda. I'm not sure which bike is best of all the motorcycles that are made today. So therefore,I think I'm just going to try them all. My next bike is going to be an SXF KTM 450. Maybe someday, I'll buy Kyle Puerners bike."

Mike got into the gang when he was practicing at the Piru track and he met Dave Fontes and Rick Johnson. Dave suggested I join the over the Hill gang. Rick Johnson did the suspension any remedied the stiffness on my Honda 450.

Mike is a third-generation roofer and he said if he didn't do roofing he would not have enough money to race motorcross.

If Mike had to do a grudge match when he first started racing he would've called out Chris Porrett. "Because, I learned how to become a better rider chasing Chris around. My second grudge match competitor would be Joe Cook. He is a very good rider and he has a chance of getting into the intermediates. My third grudge match rider would be Chris King number 565. We are always racing against each other and if either of us makes a mistake in a race then the other capitalizes on it. Some people that stand out to me in the gang are Elaine because she is a kick @ sign - ups. James Van Duinwyk and Star have welcomed me into the gang from the beginning. I like to hang out with Blake Steelgrave. Brian Allman is the first person I met in the gang. Mike's suggestion to improve Over the Hill gang is to do more advertising and put flyers at motorcycle shops." Thanks Mike and congratulations!
